Printing & Cutting Your 32 Cards

Thirty-two affirmations in four families: Abundance, Self-Concept, Courage & Action, Receiving & Trust. Eight cards per sheet, finished size 3.5 x 2.5 inches.

- 1 Print**
Use cardstock if you have it, at 100 percent scale (actual size). For patterned backs, print duplex and flip on the long edge; for an ink-light deck, print the front sheets only, or pair them with the final light-back page.
- 2 Test**
Print one sheet first and check the fronts and backs align before committing the full set.
- 3 Cut**
Slice along the small edge marks with a ruler and craft knife, or sharp scissors. The inner gold frame keeps every card readable even if your cut wanders a little.
- 4 Use**
One card on the mirror, one in the wallet, one on the desk. Rotate on Sundays; retire any card whose sentence stops feeling true.
